Inmate LOUDER, Portia (2014-03041) called the Pod saying she missed med pass and she needed her blood pressure medication. We called medical and they told me to inform her that her blood pressure medication would start tomorrow morning and she was not very pleased with that answer. She then called the pod again saying that she needed to go to the hospital because she was feeling sick. She said she was coming off of Suboxone. I then relayed the information to medical, and they told to me to have my deputy roll her up so she could be housed in medical. I informed Deputy Saucedo of the following information and he moved her accordingly.
